

COMP0005 Group Coursework  
Academic Year 2024-25  
**Group Number: XXX**

1 Overview of Experimental Framework

- 1.1 Framework Design/Architecture
- 1.2 Hardware/Software Setup for Experimentation

*(Section 1 should be about one page)*

2 Performance Results

- 2.1 [First Chosen Data Structure]
- 2.2 [Second Chosen Data Structure]
- 2.3 [Third Chosen Data Structure]

*(Section 2 should be about two / two-and-a-half pages)*

3 Comparative Assessment

*(Section 3 should be about one / one-and-a-half pages)*

4 Team Contributions

Student Name	Student Portico ID	Key Contributions	Share of work <sup>1</sup>
			... %
			... %
			... %
			... %

*(Section 4 should be no more than half a page)*

<sup>1</sup> This should be a **percentage**. For example, in a group of 4 students, if all members contributed equally (i.e., the ideal scenario), their share of work would be 25% each.
